📍 Dehradun, Uttarakhand 248009, India

PROFESSIONAL SUMMARY

Third-year B.Tech CSE student with strong foundation in web development and Python programming. Experienced in building responsive web applications using HTML, CSS, JavaScript, and modern frameworks. Passionate about creating user-friendly interfaces and solving real-world problems through technology. Proven leadership skills through founding technical clubs and organizing student events. Seeking a web development internship to apply technical skills and contribute to innovative projects.

EDUCATION

DIT University

Bachelor of Technology in Computer Science and Engineering; CGPA: 7.6/10

Dehradun, India

Aug 2023 – Present

- Relevant Coursework: Data Structures and Algorithms, Web Development, Database Management Systems, Object-Oriented Programming
- Active member of CodeGenX Technical Club and Founder of Unstop Igniters Club

Jaycees Public School

Senior Secondary (Class XII), CBSE Board - Science Stream; Percentage: –%

Rudrapur, India

Mar 2022 – May 2023

- Key Subjects: Physics, Chemistry, Mathematics, Computer Science (Python Programming)

TECHNICAL SKILLS

Languages: Python, JavaScript, HTML5, CSS3, PHP, C/C++, SQL

Frameworks & Libraries: Bootstrap, Node.js, MySQL, REST APIs

Tools & Technologies: Git, GitHub, VS Code, Postman, Linux CLI, Chrome DevTools

Web Development: Responsive Design, DOM Manipulation, API Integration, Frontend Development

Core Competencies: Data Structures, Algorithms, Problem Solving, Web Design, Database Management

PROJECTS

Portfolio Website

HTML, CSS, JavaScript

github.com/manas0x/My-Portfolio

Jan 2025

- Developed a modern and responsive personal portfolio website showcasing skills, projects, and achievements
- Implemented smooth animations, interactive UI elements, and mobile-first responsive design
- Optimized website performance achieving 90+ Lighthouse score for accessibility and best practices

Movie-Lab - Movie Search Application

HTML, CSS, JavaScript, TMDB API

github.com/manas0x/Movie-Lab

Dec 2024

- Built a dark-themed movie discovery application with real-time search and dynamic content rendering
- Integrated TMDB API to fetch movie data including ratings, release dates, and detailed information
- Implemented advanced filtering options and responsive grid layout for enhanced user experience

JioSaavn Song Downloader

PHP, JavaScript, HTML, CSS, JioSaavn API

github.com/manas0x/song-downloader

Oct 2024

- Developed a web application to search and download songs using JioSaavn API integration
- Implemented clean UI with search functionality and direct download feature
- Handled API responses and error management for smooth user experience

To-Do List Web Application

Python, HTML, CSS, JavaScript

github.com/manas0x/To-Do-List

Nov 2024

- Built a modern task management application with add, edit, delete, and mark complete functionalities
- Implemented local storage for persistent data across browser sessions
- Designed intuitive user interface with smooth animations and responsive layout

LEADERSHIP & EXPERIENCE

Founder & President

Unstop Igniters Club, DIT University

Aug 2025 – Present
Dehradun, India

- Founded and established Unstop Igniters Club in collaboration with Unstop platform at DIT University
- Lead a team of 50+ student members to organize career-oriented events, coding challenges, and competitions
- Promote innovation, networking opportunities, and upskilling initiatives among students through nationwide community

Student Coordinator

CodeGenX Technical Club, DIT University

Jan 2025 – Present
Dehradun, India

- Coordinate and organize technical workshops, hackathons, and coding bootcamps for 200+ students
- Collaborate with industry professionals to facilitate guest lectures and mentorship sessions
- Manage club social media presence and communication channels to promote technical events

CERTIFICATIONS

Python for Data Science, AI & Development, IBM (Feb 2025)
HTML5 and CSS3 Advanced Training, Infosys Springboard (Jun 2025)
Database Management Essentials, University of Colorado System (Mar 2025)
Linux Fundamentals, LearnQuest (Feb 2025)
Pointers in C Programming, Infosys Springboard (Jun 2025)

ACHIEVEMENTS & ACTIVITIES

Problem Solving: Active on LeetCode with consistent practice in data structures and algorithms
Hackathons: Participated in multiple college and inter-college hackathons showcasing project development skills
Open Source: Contributed to open-source projects and maintaining personal GitHub profile with 15+ repositories
